

“SPECIALIST TREATMENT FOR ADULTS UTILISING STATE-OF-THE-ART
TECHNOLOGY AND MODERN CONCEPTS.”

THE AUSTRALIAN CENTRE FOR ADULT ORTHODONTICS AND ORTHOPAEDICS

The Australian Centre for Adult Orthodontics and Orthopaedics (ACAOO) conveniently located in the heart of CBD is dedicated to providing specialist dental treatment for adults. ACAOO utilise state-of-the-art technology and incorporate modern concepts in adult orthodontics and orthopaedics to offer the best possible care available today.

ACAOO focus is to deliver the finest services and products via interdisciplinary treatment planning and also offers client-focused treatment plans such as bridal packages, cosmetic make-overs and complex or surgical cases.

With the expert advice of specialist Dr Gareth Ho and his experienced bridal consultants, you can have a Smile Analysis and learn how to reveal your most attractive smile leading up to your wedding. You will be equipped with ingenious advice when you pose in front of the camera. No dental treatment, just techniques to hide the imperfections when you smile.

Before beginning her treatment with Dr Ho, recent patient Patricia Russo, had very low self esteem because of her crooked teeth. Her perfect results are a testimony to the work of the ACAOO.

“My treatment was a detailed process but during that time everything was fantastic and nothing went wrong,” she says.

“Dr Ho did an amazing job and he always made me feel comfortable. We would sit down and go over each procedure, why it was beneficial and how it would work.

“He used pictures and diagrams to help me understand exactly what was going to happen during each stage of my treatment and no matter what, he always kept me calm. He taught me how to smile properly and encouraged me to practice in the mirror so that my wedding day photographs would be perfect. Now my treatment is complete and everybody is amazed, especially my husband.”

Contact ACAOO today for that happy and perfect smile.
